Prior. Wood: Dear sir: Having made trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, dandruff, and a constant tendency to technic with which I have been troubled from childhood, and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours, truly, J. K. ERAGG. Yours, truly,

The Resterative is put up in bottles of three sizes, viz: large, medium, and small; the small holds half a pint, and setable for one dellar per bottle; the incdium holds at least twenty per cent. more in proportion than the small, retails for two dollars a bottle; the large holds a quart, forty per cent. more in proportion, and retails for \$3 a bottle. bottle.

These stoves are so constructed that the cold air is introduced under the bottom of the sub-pit, passes up between a double fire box, becoming intensely heated to the top of the grate, igniting with the smoke and gas passing in flames under the bake oven. The gas-burner in sinape resembles the ten-plate, having an extra large bake oven, also a large tank attached behind, which constantly supplies beiling water.

These gas-burners are patented and manufactured by Charles Eddy & Co., of Troy, New York. None are genuine without their names cast on the stoves. There is a spurious article manufactured; taken from their patent, which introduces the gas on the top of the coal; so I would say to my friends and the public, be sure and get the genuine gas-burner, for which I am the sole agent for the District of Columbia. I am also receiving a few of my celebrated flaing Star I boulde-Oven a much better roaster, and backer than the old Morning Star, or any other similar stove, being heavier, and having the roaster, bake-oven, and bioflors nearer the fire.
